

As presented - This is a dynamic document for discussion and does not reflect the final work of the committee

Information from Colonel Ron Stuckey, 2/26/15

CLASSIFICATION: UNCLASSIFIED

During our conference call yesterday someone asked for an M6 Propellant inventory by packaging configuration. Pls note that the below inventory numbers are based on an inventory given to LMD by EXPLO, its accuracy has not been verified.

880 lb Super sacks - approximately 5.7M lbs
60 lb Boxes - approximately 6.6M lbs
Fiber Drums or barrels - approximately 3.3M lbs

CLASSIFICATION: UNCLASSIFIED

The Minden dialogue committee is made up of a group of individual volunteer citizens, community leaders, local and statewide organizations, scientists, elected officials and state representatives that are coming together to look at alternatives to address materials at Camp Minden in Webster Parish, Louisiana. This group, along with the public, will have the opportunity to provide individual input. The group is not convened under the Federal Advisory Committee Act (FACA) and questions should be directed to Suzanne Murray, Office of Regional Counsel (214) 665-2110.
